

Founded in 1856, Plymouth College of Art is an art school run by artists and designers for artists and designers.

We are home to a dynamic, cross-disciplinary community of makers and thinkers for whom making is as important as reading and writing, and where the purpose of learning is inseparable from that of living your life. A place for making things, and making things happen. For making a difference.

We believe that high-quality education for life in contemporary arts practice is the creative catalyst for personal, professional and cultural transformation.

Together, we imagine, experiment, think, learn, make things, and make things happen. Whatever you want to make, wherever you want to go, the journey starts here, and never stops.
